

- SPACE EFFICIENT
- OVERHEAD LIGHTS
- CLIMBING PLANTS
- VANDAL RESISTANT

**SCANDIK | SOLAR WORKSTATION**

**DESCRIPTION**

A sleek, modern solar workstation with overhead solar panels offering both a comfortable outdoor workspace and a convenient charging station for multiple mobile devices. Overhead lights enable the workspace to be used after dark. Either low or high tables can be selected depending on specific needs. The central trough serves as a receptacle for plantings which can be trained to grow up a wire screen.

**FEATURES**

- Space efficient workspace design
- Overhead lights permit working at night
- Central panel can be used to grow climbing plants
- Overhead solar panels minimize damage or potential for vandalism
- Co-ordinated range of bench seating ensures workspace never looks out of place
- Optional low or high tables extend versatility for different applications

**OPTIONS**

- 60Ah lithium battery
- Powder coated in any RAL color
- Provision to supply 120V power

The Scandik charging workstation forms part of an extensive range of fully integrated furniture including single bench seats, full length bench seats with or without backs, planters, litter bins, tables and information boards, all available in any RAL color.
